THE DETAILS

EXTENDED WARRANTY

All ETHER NDE instruments are supplied with a standard two year warranty but ETHER COVER extends the coverage to a full five years.

FREE OF CHARGE CALIBRATIONS

At the end of year one, year two, year three and year four you are able to return your ETHER NDE instrument for a free calibration and "Health Check", with a guaranteed turnaround within one week.

TWO FREE OF CHARGE BATTERY SWAPS

At the time of calibration we will check the remaining useful life of the battery pack, assess battery performance and will provide you with a replacement battery if required.

GUARANTEED FAST REPAIR

Should you ETHER NDE instrument fail then we will repair and return it to you within two weeks guaranteed. Should we fail to do this, we will send you a FoC loan instrument until we can complete the repair.

FREE OF CHARGE SOFTWARE UPGRADES

At ETHER NDE we have a policy of continual improvement and enhancement of our equipment.

All EC instruments protected by ETHERCOVER will qualify for FoC software upgrades when they become available, guaranteeing that you have the most up to date and advanced version of your eddy current instrument.
